

FALL WORKSHOP – CURRICULUM WRITING SCHEDULE

During the morning at the 2009 Fall Workshops, course frameworks (standards and example performance indicators) will be developed for nineteen courses listed in a HSR Program of Study or in a comprehensive FCS program. Participants in the NCE conference had the opportunity to indicate which of the areas they would prefer to work on during the Fall Workshop; the schedule was built based on that input. The chart below indicates which groups of courses will be addressed at each workshop location. If everything goes as planned, your collective work will be placed on a CD to be distributed at the 2010 NCE Conference.

**Please note the areas being addressed at the ESU you plan to attend.
Participants at each site will be divided into smaller working groups.
Bring appropriate resources (curriculum outlines, lists of competencies from web searches, etc.) related to all (or at least several) of the boxes checked for the ESU you attend. Bring a laptop if you have one!**
